

DECLARATION OF CONFORMITY

We hereby declare under our sole responsibility that the product model(s) BVW-06380, BVW-12225, and BVW-24125, intended for use as a battery charger in household and other similar applications, to which this declaration relates, meets the requirements of the following New Approach Directives:

- **Electro-Magnetic Compatibility (EMC)** Directive 89/336/EEC as demonstrated by compliance to EN50082-1:1992 Generic Immunity,
EN61000-4-2:1995/A1:1998 Electro Static Discharge,
EN61000-4-3: 2002 Radiated Field Immunity,
EN61000-4-4:1995 Transient, Burst Immunity,
EN 61000-4-5:1988 Surge Immunity,
EN61000-4-6: 1996 Conducted Disturbance Immunity
EN61000-4-11:1995 Voltage Dips and Interruptions
EN 55022:1994 Class B limits for Radiated and Conducted Emissions,
EN 60555-2 Power Harmonics,
EN 60555-3 Voltage Fluctuations.
- **Low Voltage Directive (LVD)** 73/23/EEC as demonstrated by compliance with EN 60065:1998 Safety requirements for mains operated electronic and related apparatus for household and similar general use.

This declaration is backed by third party assessment to the noted European Norm standards. Ault Incorporated is an ISO 9001 registered firm, Certificate Number FM11881.
